

2010 MOST EXCEPTIONAL ESCAPADES IN SCIENCE STUDENT CONFERENCE

9am to 3:30pm, Friday March 5th, 2010
Michael Smith Building (main floor), 2185 East Mall, University of British Columbia

The Michael Smith Laboratories are pleased to announce a one day Scientific Conference designed for high school students (Grades 8 to 12). This event held on March 5th, 2010 will showcase the Science behind various **technologies of tomorrow**. Students will explore various scientific pursuits, engage in hands-on activities, and interact with some of the most prominent scientists in the world.

We can accommodate up to 100 individuals, of which it is hoped that at least 80% are students. The remaining spots will be made available for interested teachers and/or parents. Space will be relinquished on a first come first served basis, although we especially encourage the registration of students who are particularly attuned to the sciences. To enroll, please visit: <http://www.bioteach.ubc.ca/highschool-conference-2010-register/>

Additional detail on program and biographies of participating scientists can be found at: <http://www.bioteach.ubc.ca/highschool-conference-2010/>
